

Glogster **EDU** - Technical requirements.

The recommendations for Glogster EDU to run correctly are as follows:

- Ensure that you have the latest available version of web browser and flash player installed on the machines to be used.
- Many of our avid educators are impacted by district or school-wide blocking of Glogster, both EDU and social sites. Below is technical information which will permit blocking of Glogster while allowing Education Glogster. Please provide the information to your IT department. If you need further assistance please contact us at (customer@glogster.com).

To use Glogster EDU it is necessary to permit these domains and IP address:

edu.glogster.com

*.edu.glogster.com

im.glogster.com

g-cache.appspot.com

grab-ge.glogster.com

*.glogengine.com

184.107.118.128/25

In case your YouTube video playback isn't working properly, please add <http://www.youtube.com> to your allowed domains.

The above information can also be found here: <http://howtounblockglogsteredu.com/>

If you have any questions please email us - customer@glogster.com

Thank you & Happy Glogging!
